### Chemical Analysis Testing

All entries entered into Classes 1, 2, 3, 4 and 5 must be accompanied by test results from an Australian NATA accredited laboratory. The four (4) tests required by this competition are **FFA** (Free Fatty Acid), **PV** (Peroxide Value), **Ultra Violet (UV)** and **PPH** (Polyphenols or Biophenols). The Chief Steward WILL accept NIR test

results. Any entries that fail the chemical analysis will be withdrawn from judging without refund. Australian entries: The laboratories below will provide NIR test reports. Approximate cost is \$40 AUD per sample.

- NSW Department of Primary Industries (DPI) (Australian Oils Research Lab), **PACKAGE: OLIVE OIL QUALITY NIR** <https://www.dpi.nsw.gov.au/about-us/services/laboratory-services/olive-oil-testing/test-list-and-pricing>
- Modern Olives Laboratory Services (MOLS) **PACKAGE: SHOW/AOA PACK BY NIR** <https://www.modernolives.com.au/olive-testing>

<http://www.internationaloliveoil.org/estaticos/view/226-laboratories-panels>

<https://www.aocs.org/labservices>

#### **TESTING CRITERIA**

All entries in Classes 1-5 are expected to meet the following chemical parameters for Extra Virgin Olive Oil (as set out in the Australian Standards [AS5264-2011]), in particular:

- Free Fatty Acid (FFA): ≤ 0.8%
- Peroxide Value (PV): ≤ 20 meq O<sub>2</sub>/kg oil.
- Absorbency in Ultra Violet: (UV)
- K<sub>232</sub> <2.50, K<sub>270</sub> <0.22, ΔK </0.01/

If required the AOA may resubmit an Entry to a NATA accredited lab for confirmation of chemical analysis (FFA, PV and UV) at their cost.

Entries assessed as faulty may be withdrawn at the head judge's discretion. The head judge may contact the entrant to discuss such concerns.

If requested, the Chief Steward can organise NATA accredited oil analysis for your oils and provide you with the results. This will be charged at:

- NIR \$50 AUD per sample
- Wet chemistry \$200 AUD per sample

Please indicate that you want this to occur when completing your Entry Form. When posting your entry, low enough time (2 weeks) for the testing to be completed.

## BATCH/LOT NUMBER

The AOA needs the BATCH/LOT number of your oil on the entry form to clearly correspond with the NATA/IOC/AOCS accredited laboratory sample number on your oil analysis report.

An example of a DPI Laboratory reference code is *R23-01234/0001* and an example of a Modern Olives Laboratory Reference Code is 23/0446/1.

This number assists the AOA in matching the oil in the entry to its correct analysis to make sure that oil meets the chemical parameters for Extra Virgin Olive Oil as set out in the Australian Standards (AS5264-2011). If an entry(s) fails to match then they will be ineligible for judging.

## Entry Fees (per entry)

To receive the discounted entry fees below, all 2023/2024 AOA Financial membership fees MUST be up to date or either paid in advance or at the time of entering the Competition. Invoices for membership will be emailed in early July 2023. A remittance statement or payment for AOA & COP membership(s) must be sent with your entry forms. No Exceptions.

## Allocation to Classes

The level of polyphenols/biophenols (PPH/BPH) in an EVOO is a measure which has been shown to correlate

strongly with the style of the oil, i.e., delicate, medium or robust. All entries entered into Classes 1 to 5, will be checked against their Polyphenol/Biophenol test results. The Chief Steward will assign the entry to ensure it correlates with the class. It can then be judged fairly without being impacted by oils with higher PPH levels.

THERE ARE NO LIMITS TO THE NUMBER OF ENTRIES THAT ANY ONE COMPANY OR INDIVIDUAL CAN ENTER.

## Extra Virgin Olive Oil Entry Requirements

**Samples required:** A minimum of 2 litres of oil must be provided for each entry entered. This can be four (4) samples of 500ml /750ml or six (8) 250ml samples. This can be in bottles, casks and or tins. Any remaining entries remain the property of the Australian Olive Association Ltd.

**Dual Class entries:** Entries into Class 5 are permitted to also be entered into Classes 1-4 providing the entries adhere to each Class entry requirement, a separate entry is made for each entry and the required entry fee is paid.

**Commercially Packaged:** Entries (excluding entries into Class 4) must be **commercially packaged and labelled and intended to be available for sale at the time of entry**. The organising committee reserves the right to reallocate or exclude entries from judging that fail to meet this requirement without notice.

**Proof of volume:** The entrant agrees to accede to any reasonable request by the organising committee to prove that any entry submitted by them is commercially available in the volume specified on the entry form. The organising committee reserves the right to refuse any entry.
